

## EMH Classic Müsli

### Sports and Performance Feed

#### Feed supplement for horses

For the promotion of a well-balanced temperament, the Classic Muesli contains no oats. Instead of oats, the muesli offers hydrothermally treated grain components which are characterised by their high digestibility. With its moderate protein content, the muesli also contributes to the avoidance of too much protein in the overall feed ration. EMH Classic Muesli is especially suited as a versatile feed for horses with a moderate to intensive workload. With the addition of EMH, it provides relief and targeted support for the digestive system, which allows for the reduction of the feed quantity in the manger. Due to the overall positive effect on the organism, EMH raises the vitality of your horse while maintaining a balanced temperament. The exceptionally tasty EMH Classic Muesli is complemented by an optimally balanced mix of nutrients and active ingredients. Due to the ideal energy/protein ratio, and the balanced ratio of calcium and phosphorus, the muesli meets the nutritional demands of horses at all performance levels. High levels of vitamin E and magnesium have a positive effect on the formation of muscle and body mass. It can be used as a complete feed or supplemented with oats or other grains. Generally speaking, EMH Classic Muesli contributes long-term to the wellbeing of your horse.

The benefits at a glance:

- added vitamin E protects the muscle apparatus
- increase in energy
- full range of minerals and vitamins
- for horses with an intensive workload
- high digestibility

**Feeding recommendation:** Light to moderate work: approx. 250g – 500g per 100kg bodyweight / day. With smaller quantities, we recommend adding a mineral supplement.

**Composition:** 35,2 % Barley (flaked), 28,8 % Maize (flaked), 10,4 % Oat bran, 5,0 % Sugar cane molasses, 3,2 % Calcium carbonate, 3,1 % sugarbeet pulp pellets, 3,1 % Lucerne meal, 3,0 % Wheat bran, 1,4 % Dicalcium phosphate, 1,2 % Milk thistle oil, 1,1 % Barley, 1,1 % Maize, 1,0 % Sodium chloride, 1,0 % dried fruit (apple) pomace, 0,6 % Fermented plant extract (EMH), 0,2 % Magnesium oxide

60,0 g/kg digestible protein  
10,9 MJ/kg digestible energy

**level of ingredients:** 8,60 % Crude protein, 3,50 % Crude fat, 6,70 % Crude fibre, 9,10 % Crude ash, 1,70 % Calcium, 0,50 % Phosphorus, 0,40 % Sodium, 0,20 % Magnesium

**additives per kg:** 25.000,00 I.E. Vitamin A (3a672a), 1.500,00 I.E. Vitamin D3 (3a671), 300,00 mg Vitamin E (3a700), 60,00 mg Vitamin C (3a312), 3,00 mg Vitamin B1 (3a821), 4,00 mg Vitamin B2 as riboflavin, 2,00 mg Vitamin B6 as pyridoxine hydrochloride (3a831), 30,00 mcg Vitamin B12 as Vitamin B12 preparation, 30,00 mg Niacin (3a314), 20,00 mg Calcium-D-Pantothenate (3a841), 600,00 mcg Biotin (3a880), 3,00 mg Folic acid (3a316), 100,00 mg Cholin Chloride (3a890), 50,00 mg Iron (3b103) (ferrous sulphate, monohydrate (II)), 80,00 mg Manganese (3b502) (manganese(II)oxide), 125,00 mg Zinc oxide (3b603), 20,00 mg Copper (3b405) (copper sulphate, pentahydrate (II)), 0,45 mg Selenium (E 8) (sodium

selenite), 2,00 mg Calcium iodate, anhydrous (3b202), 500,00 mg Diatomaceous earth (E 551c)
